

Glory to the King

Hallelujah

I will be Your lover
I will be Your friend
I'll forsake all others
Until this world will end

You have seen my darkness
But you have not forsaken me
You shine Your light tenderly
You have set me free

Hallelujah (4)

You have heard my thirsty cries
Your skies have answered me with rain
I will love no other
Until my dying day

Hallelujah (4)

When I enter heaven's door
Let me not be carrying
Words of love or acts undone
Or songs I didn't sing
