

Glory to the King

I'm Sorry

Lord I let You down today
I shut You out, I turned away
I knew what I was doing
I did it anyway
Lord if I'm honest I do it every day
And every time I've started dying the moment I do
Please take me back all I want is You

Chorus

I'm sorry forgive me for letting go
I'm sorry forgive me don't let me go
I'm sorry
I'm sorry

Lord I really need Your help
Every day I need to get over myself
I softly turn You down
Oh how I undersell
To have my ego stroke by the fingers of hell
And every time I've started dying the moment I did
Please hear my call
Lord I want to live

Chorus

I'm sorry forgive me for letting go
I'm sorry forgive me don't let me go
I'm sorry
I'm sorry
