

Glory to the King

Song 23

The Lord is my Shepard
I have all that I need
He rests me in green meadows
Along peaceful streams

He renews my strength
To honour His name
And though I'm walking
The Valley of Death
I will not be afraid

Because You're right here with
You're right here with me
To comfort and protect me

You prepare a feast for me
In the presence of my enemies
At Your Table You honour me
With blessings and security

Your unfailing love
I know will follow me
All of my days
Into eternity

And I will live with You
In Your house my Lord
Eternally
